

June 1, 1973

SENATOR CARPENTER: I want to amend that with the same suggestion, Senator Wiltse, that in the case of Curtis, Senator Lewis be a part of the committee and in the case of Hiram Scott, Senator Carpenter be a part of the committee. I move to amend the motion.

PRESIDENT: Alright, are there--is there a need for further discussion of those amendments to the motion? All those in favor of those amendments then please say aye. Those opposed say no. Amendments are ordered then. We now have before the body Senator Carpenter's motion. Is there a need for further discussion of his motion which would direct the study, including the State Senators that represent those colleges in that district regarding Hiram Scott and the school at Curtis. All those in favor of the motion vote aye. All those opposed vote no. Once again, have you all voted? This is the motion for the study of the use of Hiram Scott and Curtis. Clerk will record.

CLERK: 33 ayes, no nays, 16 not voting.

PRESIDENT: Motion is sustained. The study is ordered. Now, do we have any other motions on the desk?

CLERK: None, right now.

PRESIDENT: Alright. We have some other things that have to be taken care of here.

CLERK: We have a new resolution, Legislative Resolution No. 89. (reads resolution) LR 89

PRESIDENT: The moti--the Legislative Resolution 89 will be laid over. We have one more.

CLERK: Reads Resolution. LR 90

PRESIDENT: Chair recognizes Senator Herbert Duis.

SENATOR DUIS: Mr. President and Members of the Legislature. I do have to suspend the rules to get this passed because there has been a tremendous amount of farm damage to farming areas along in Maxwell, Brady area in the Lincoln County area and Senator Waldron is absent this morning, otherwise I know he would have joined me in this. We also have a tremendous amount of damage in Dawson County from this and what we're doing here is merely asking that the Governor give due consideration to contacting the Federal Government as to whether or not they can get a disaster area in the two counties so that these people may obtain the low interest loans that might put them back and get some of their farmland back in shape for this season and next season and therefore, I would ask for a suspension of the rules and the adoption of the amendment, I mean the resolution.

PRESIDENT: Any further discussion--any further discussion of the resolution? Question is then shall the rules be suspended and the resolution adopted? All those in favor of suspending the rules and adopting the resolution will vote aye. All those opposed will vote no. Motion is to suspend the rules and adopt LR 90 as offered by Senator Lewis--Duis, excuse me. Voting on the adoption of Legislative Resolution No. 90. Suspend the rules and adopt the--adopt. Motion is to suspend the rules and adopt the resolution No. 90. I suppose it's unnecessary for the Chair to remind the body that that motion still takes 30 votes. Have you all voted?

SENATOR DUIS: Thank you very much.
